PROFESSIONAL SUMMARY

Full Stack Developer with a BSc in Computer Science and hands-on experience building responsive web and mobile applications, REST APIs, and database-driven systems. Delivered an NFC/QR business card platform, a QR check-in PWA, a React Native raffle app, a published Android casting app, and a MERN event system using React, Next.js, Django, Node.js, Supabase, and MongoDB. Experienced in UI/UX design, database design, and IT support.

TECHNICAL SKILLS

Frontend	React, Next.js, TypeScript, JavaScript, Tailwind CSS, HTML5, Responsive Design
Backend	Node.js, Express.js, Django, Python, REST API Development
Databases	MongoDB, PostgreSQL, SQLite
Mobile	React Native, Expo, PWA
Tools	Git, Docker, VPS Hosting, AWS

WORK EXPERIENCE

IT Assistant
11/2025 - 07/2026

Melo Plus, Addis Ababa, Ethiopia

- Provided first-line IT support to staff, diagnosing and resolving hardware, software, and network issues.
- Installed, configured, and maintained computers, printers, and office software to keep daily operations running.

UI Designer and Full Stack Developer
05/2025 - 11/2025

BT Creative, Addis Ababa, Ethiopia

- Developed responsive web applications with React, Next.js, JavaScript, HTML5, CSS3, and Tailwind CSS.
- Built the Onetouch NFC and QR digital business card and menu platform with React, Django, and SQLite.
- Designed UI/UX layouts and prototypes, then moved into full stack development with Django and REST APIs.
- Collaborated with designers and backend developers using Git and GitHub to deliver scalable, maintainable solutions.

IT Support Intern
07/2024 - 09/2024

Ministry of Transport and Logistics, Addis Ababa, Ethiopia

- Supported the IT team with troubleshooting hardware, software, and user issues and equipment setup for staff workstations.

PROJECTS

OneTouchET: NFC and QR Business Card and Menu Platform
onetouchet.com | scan.onetouchet.com

- Built an NFC/QR profile-sharing platform with customizable profiles and a client dashboard, plus a QR restaurant menu system with category management and admin controls.
- Developed with React Vite, Tailwind CSS, a Django REST API, and SQLite.

BTPass: Event Guest QR Check-In (Contributor)
github.com/bin-ym/BTPass

- Contributed to a live-event guest app with bulk invitations, encrypted QR passes, and offline check-in for ushers.
- Worked on the installable PWA built with Next.js, Supabase, and Tailwind CSS.

RaffleApp: Mobile Raffle Platform
github.com/btcreative/RaffleApp

- Built a mobile app where users browse featured prizes, join raffles, track entries and winners, and manage their accounts.
- Developed with React Native, Expo, Tamagui, and React Navigation.

Universal Cast: Casting Platform Android App
universalcast.net | Google Play

- Developed an Android app connecting models, actors, photographers, and crew with casting directors and agencies; published on Google Play, with a landing site built in HTML, CSS, and JavaScript.

Hope for Ethiopia: Non-Profit Charity Website
hope-for-ethiopia-charity.vercel.app

- Built a charity website for an Atlanta-based non-profit covering its mission, events, and donations, with managed content; developed with Next.js, Node.js, Express.js, and MongoDB.

Event Management System
ems-project-fkmp-eta.vercel.app | GitHub

- Built a MERN-stack platform to publish events, manage registrations, and run check-in, with email verification, password reset, search, and admin controls.
- Developed an Express.js REST API with MongoDB models; deployed on Vercel.

EDUCATION AND LANGUAGES

BSc in Computer Science, Saint Mary's University
06/2021 - 02/2025 | Addis Ababa, Ethiopia

GPA: 3.41 | National Exit Exam: 81/100

Languages: English (professional working proficiency), Amharic (native)
